

“Welcome To Guildford”
A Proposal for AR2013

Offer Summary

Scope of delivery

Rideout with camping based in the Hampshire countryside.

Proposed delivery date

Friday 21st June 2013 to Sunday 23rd June

Key deliverables – base offering

- Basic camping field in grounds of a country pub for the Friday and Saturday nights
- Hard standing motorcycle parking
- Separate road-side hard standing marshalling area
- Onsite Pub with restaurant.
- Petrol station within 100 yards
- Local, popular Biker café within 100 yards
- Venue is at the convergence of the two key motorcycle A-Roads in the area
- No neighbours apart from Pub, Petrol Station and Café so able to make moderate noise
- Excellent local roads which are well travelled by the GM ride-out attendees
- Varied route taking in various roads from fast swoopers to hard-core nadgery
- Run leadership from experienced GM run leaders
- Marking support from riders with local knowledge
- Thick skinned organisers who will have no problem at all in ignoring unwelcome input.

Costs

The intention is for this event to be free of charge. Any donations made by attendees will contribute towards the costs incurred by the organisers with any surplus being shared between the local Air ambulance charity and the sv650.org forum fund.

If during detailed planning it is determined that the costs exceed those that the organisers are prepared to fund themselves then this will be clearly communicated in advance of any commitments being made.

Disclaimer

At this stage all details are provisional and subject to change. The intent is to provide a camping location and ride-outs as described in this proposal.

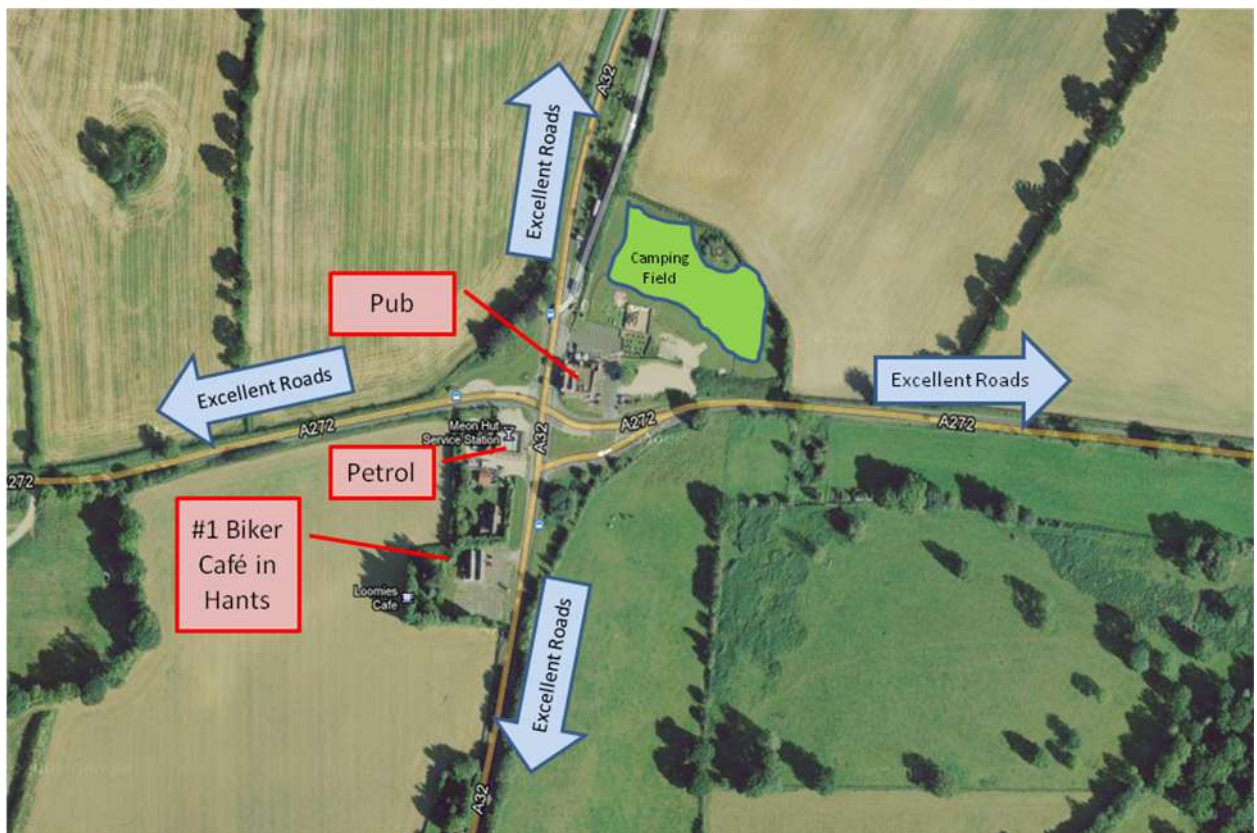

Offer details

Venues

GMAR 2013 will use both of the two acre fields behind the West Meon Pub. These are regularly used by other car and bike clubs and the manager is happy with us using it too. The pub will lay on a "pay as you go" BBQ for the Saturday night.

GMAR Epicentre

The hub of the GMAR is the West Meon Pub. This is a fairly large pub at the cross-roads of the A32 and A272 which themselves are two of the best bike roads in Hampshire.

Opposite the pub is a 24hr petrol station with 8 pumps serving regular and super-unleaded. It also provides diesel for anyone who requires such filth. Typical petrol station confectionary, snacks, papers, mags, toiletries are also available although restricted access after core hours.

Next to the petrol station is Loomies. More about Loomies later!

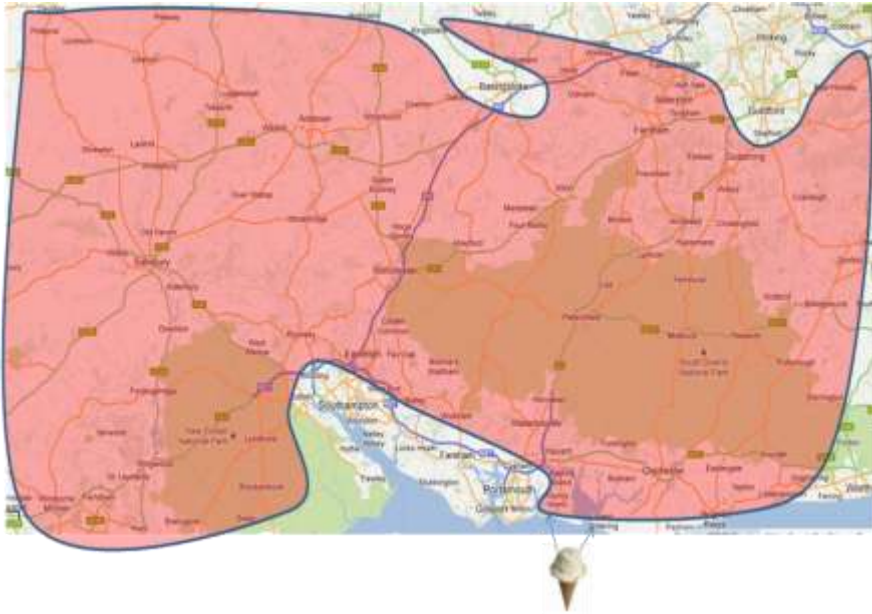

Where is it?

*The GMAR Epicentre
is in the South of
England*

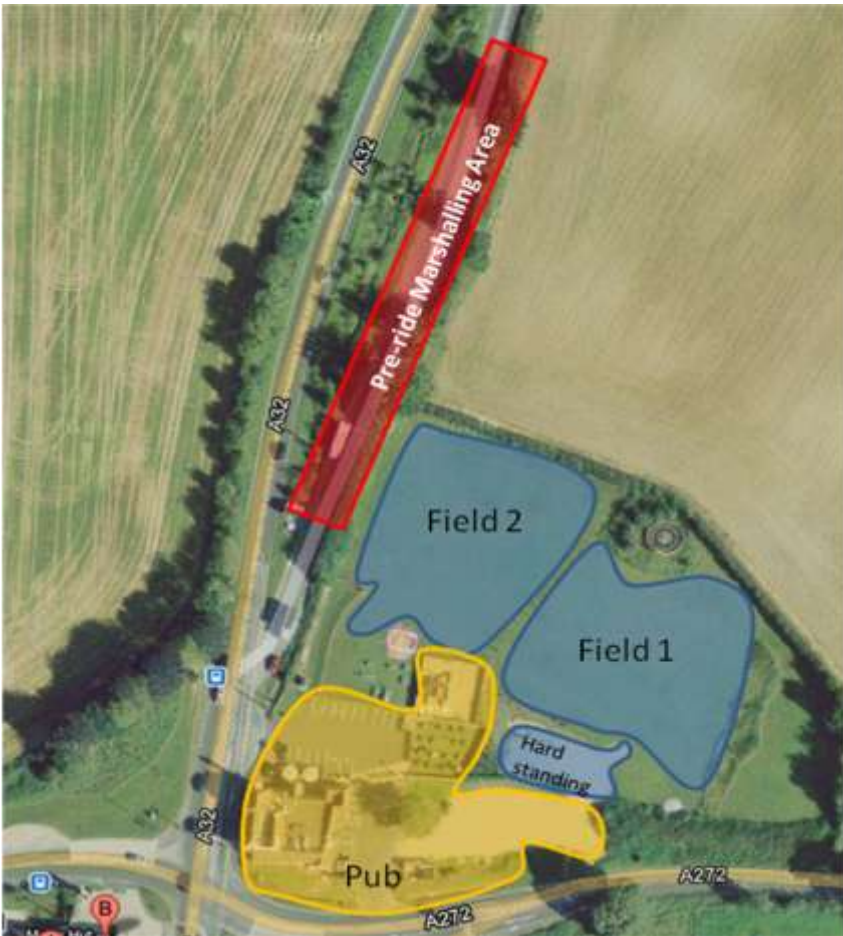

*It's about 40 miles
away from the
southern section of
the M25*

Excellent biking roads in the red bit!

Camping and Beer drinking

Camping in the field behind the West Meon pub.

2 fields each of about 2 acres. Not a formal camp site but the field is often used by other car and bike clubs. We have secured use of the fields for free so long as we use the bar. The field has no real facilities however we can use the pub toilets while the pub is open and we are looking to provide a couple of porta-loos for the weekend and pub manager is looking into providing a water supply of some sorts.

Just outside the pub is a surfaced lay-by adjacent to the A32. This will make a fantastic pre-ride marshalling area as it's right alongside the pub and road.

Camping Facilities

Camping – Yes

Camper vans - Yes

Water – Possibly

Power – Possibly

Showers – No

Food – Pub restaurant + loomies + McD's 10 mins down road

Food gain – The Pub can establish a "Pay as you go" BBQ for the Saturday night.

Petrol – Just over the road

Alternative accommodation – Premier Inn 10 mins down the road in Petersfield and numerous other local hotels and B&Bs

Super market/off-license – 10+ mins drive

Loomies.

This is Loomies, a biker café about 100 yards from the camp site.

It looks like this on a weekend or Wednesday evening

We've spoken to the owners of Loomies and they are very keen to help us have a mega-weekend. As well as staying open as long as we need them they are keen to combine our event with one of their own events which could be a dealer day, a trade day, the air ambulance or possibly a band night.

Ride out plans

Friday arrival. No ride-out plans but local maps and advice will be provided for those who get there and want to go out

Saturday Ride broken into stages. The ride will include:-

- A good mix of roads suitable for typical road-bikes (no green-laning or similar)
- Appropriate stops for snacks and fuel
- Appropriate stops for lunch
- The ride will start and end adjacent to the camping venue
- The ride will NOT venture into Guildford!

Sunday.

- Ride to south coast for anyone who wants it if weather holds out

Other stuff

Working with Loomies to see if we can incorporate one or more of their events including but not limited to:-

- Trade stalls
- Dealer days
- Battle of the bands
- Bouncy castle
- Air ambulance
- Jelly Wrestling

This will not be part of the AR, just coinciding with it.
